|---|--|

1. "Trees to Sea" and "Off The Beaten Track"

- "Trees to Sea" tours start in the rainforest and finish by the sea on beaches, rock platforms or headlands.
- "Off The Beaten Track" applies to most of our tours and workshops locations which are not usually on the general tourist routes.
- "Ladybird" is a term used for women only groups .

2. Photography Bushwalk v Photography Workshop - what is the difference?

On the pages of this website you will see reference to Photography Workshops / Classes and Photographic Bushwalks:

Photography walk / bush walks is a short walk of up to 3.5 km or 2.17 miles offering many photographic opportunities.

Workshops and classes may have an element of walking of not more than 600 metres / 1900 ft over flat trails and are adjacent to parking areas. Four Workshops and class locations comprise the bulk of our activities and cater for beginners. These courses teach the use of the camera settings including white balance, shutter speeds, aperture setting, ISO, Manual, Aperture Priority, Auto modes and focus on photograph composition.

All our classes, tours and workshops can be tailored to meet your requirements.

Additional short three hour workshops are run at selected locations to photograph twilight and sunrise photography.

3. I do not have a digital SLR camera, can I still join the tour?

The tours visit locations which are superb for photography irrespective of the camera type you own. The objective is to learn

photographic techniques and composition so all are welcome.

4. Personal items and clothing to bring

Personal items

- Sun cream
- Sun glasses
- Personal insect repellent
- Personal toiletries
- Money / credit card for personal shopping, lunches etc

Clothing requirements

- Sturdy comfortable walking shoes with good grip,
- Raincoat and small folding umbrella
- A beanie, gloves, thermal underwear for cold weather
- Hat
- Water bottle

5. Photography equipment to bring

- Camera manual, very important
- Fully charged batteries
- Point N Shoot or Mobile Phone
- Cleaning kit
- Circular polarizing filter
- Lens hood
- Telephoto lens if available
- Memory cards (1500 - 2000 images)
- Tripod

6. Touring in bad weather conditions & cancellations

Our tours operate unless there is a severe weather warning for the specific tour location.
For example:

- High temperatures during bush fire conditions.
- High winds which easily cause Australian Gum trees to drop their branches or fall on the unsuspecting passerby.
- Extreme temperatures which can cause dehydration even when prepared.
- Bush fire or flood warnings in the locality of the tour.
- Local bush fire brigade back burning.

Under these circumstances other tour locations will be offered if possible or an alternative date recommended.

Cancellations made within 30 days prior to the tour will be subject to an administrative fee.

Acceptance of an alternative tour or date will incur no administrative fee, please call +61 2 4628 2528 to book your place.

NOTE: Moneys already paid by Gwondana Photography for bookings on your behalf for accommodation and catering cannot be returned in the event of total cancellation by you.

7. Personal Fitness level

Most workshop locations are accessed directly from vehicle with the most distant being 600 metres from car parking areas to cliff tops when whale watching.

Photography Bushwalks

Our photography bush walks of which the longest is 3.5 km are clearly titled "photography bush walks".

Some of our National Park rainforest tours do include walking on approved easy grade trails along gorges up to 3.5 km or 2.17 miles in length. Trails are uneven with slight inclines, steep flights of steps may be encountered when walking up to lookouts.

If you have health or mobility issues please talk to us prior to deciding upon of booking a tour or workshop.

See - [Photography Bushwalk v Photograph Workshop - what is the difference?](#)

Contact Ken on +61 2 4628 2528 or email [information](#) for additional information.

8. Travel insurance for tour participants

Personal travel insurance is not included in the tour price.

We strongly recommend you purchase travel insurance before attending our tours. Your insurance should protect you against any accidental loss or damage to your photographic equipment, as well as any personal injuries or emergency transportation costs.

9. How much time is spent on travel and taking photographs?

The time spent traveling and taking photos varies dependant on distance from pickup point and in between locations. Please allow more time than specified on a tour description. We have learned that groups can be slower than planned once they have a camera in their hands and stunning views to photograph.

- Bush tours in National Parks include a gentle bush walk from feature to feature and are entirely devoted to photography and tuition, however, some history is included.
- A tour may have up to three locations in close proximity to each other ie Royal National Park Coastal Workshop will visit three locations at the top of the park then finish at Wollongong Harbour or Stanwell Park. Both are very pretty locations and great for photography.

10. How much money do I need to bring?

You will need money for:

1. Lunch, snacks or drinks during the tour.

11. Group size and age limits

- Some Tours/ workshops have maximum of 8 participants.
- Rainforest tours have a maximum of 6 participants.
- We do not take unaccompanied children under 16 years without a parent or guardian.
- Insurance company requirement - All our clients are require to sign a Waiver.
- We highly recommend travel insurance.

12. Refreshments

- Lunches are not included in the tour / workshop price.
- We do have access to pubs and restaurants on our tours / workshops.
- Dietary needs can be met with a large range of dishes on the menus in some locations.

13. The importance of professional operator Eco License / Accreditation

Australian photography tours meets the Ecological requirements of National Parks for professional tourism in the locations monitored by them.

Their guidelines ensure we at Australian Photography Tours:

1. Are aware of environmental and safety requirements of New South Wales National Parks.
2. Work with National Parks by lodging returns on the number of tours and visitors on our activities enabling better management of the tracks, trails and facilities.
3. That there is no conflict with the Rights of locals by over use of their locality.
